

# Education FL265

£9,328.00 + VAT to give £11,193.60

**Benefits:** We believe your kiln should be easy to fire, the below features make that possible, as well as offering you peace of mind.

- We provide tuition of the kiln, including; safe usage, beneficial loading, what programs to set to obtain the best results and demonstration of the controller.
- Should you forget any of the above or have a query, we offer our helpline as your backup – 01253 790307.
- The kiln comes with a ST535C fully programmable controller, as well as an auto damper, so you can leave the kiln unsupervised throughout the whole firing.
- The kiln also has a thermal lock, so once the program is underway, nothing can be tampered with – the perfect safety feature for a busy environment.
- We offer optional loading height, for your comfort.
- Door can be hinged on the left or right – to suit your room.
- The kiln is designed with our cool sides – with the sides of the kiln always cool enough to touch.
- We carry out servicing and maintenance of kilns, so we offer ongoing support.

**Price also includes:**

- 4 kiln shelves
- Generous selection of props
- Batt wash

**Volume:** 265 litres or 9.3 cu. Ft.

**Internal dimensions:** 572mm x 686mm or 686mm or 22.5" x 27" x 27" (width x depth x height)

**Power:** 18KW, 78 Amps

**Requires:** An isolator with a minimum of a 78 Amp fuse

**Phase:** Three phase, neutral and CPC supply

**Max temp:** 1300°C

**External dimensions:** 990mm x 1220mm x 1778mm or 39" x 48" x 70" (width x depth x height)

**Suitable for:** A class size of 36 – based on each student making pieces approx 20cm x 20cm x 20cm.

Best of British;

- Best service
- Best value
- Best Quality

### Key features:

- Hand finished 6mm frame work with our Cool sides, allowing the frame to breathe and minimising condensation within the kiln, aiding longevity.
- Industrial grade elements housed in recessed super single brick grooves.
- 1400°C hard brick again to aid longevity.
- R type .25 mm thermocouple.
- ST535C – 32 program, 32 segment controller
- 190 mm of premium insulation for efficiency
- Available in a choice of colour – including your School colour, if you wish.
- Manufactured by our team of engineers in Lancashire.
- Full testing and quality assurance checks are undertaken prior to delivery.
- Meaningful 2 year guarantee (excluding wear parts)
- Free helpline to help you to achieve the results you want.

### Ideal siting for this kiln:

Although the above diagram shows the ideal kiln siting, we have installed these kilns in much smaller rooms. We'd be happy to discuss your requirements. We also specialise in difficult access deliveries, so can customise any model to allow access through narrow doorways.
