External dimensions: 2323mm x 1362mm x 1230mm or
91.5" x 53.5" x 48.5" (width x depth x height)

Price includes:

- ST215 controller – a user friendly British controller, offering; 10 programs with 32 segments per program.

Key features:

- Flat bed design, with the bulk of the kiln hinged on top with gas strut assisted lid opening, aiding access.
- Hand finished 6mm frame work with our Cool sides, allowing the frame to breathe and minimising condensation within the kiln, aiding longevity.
- Industrial grade elements encased in quartz tubes mounted in the ceiling for quick, trouble free, even heating.
- K type, stainless steel thermocouple.
- Floor mounted design with integral stand, with choice of hearth height.
- 75 mm of premium insulation for efficiency.
- Well rated electrically, for fast, economical firings.
- Manufactured by our team of engineers in Lancashire.
- Full testing and quality assurance checks are undertaken prior to delivery.
- Meaningful 2 year guarantee (excluding wear parts)
- Free helpline to help you to achieve the results you want.

Available with our VIP delivery, whereby we deliver the kiln into position, install, wire into your isolator, demonstrate the kiln and controller, leaving you confident and ready to fire.
